[BY A P NIGHT WIRE.]

**HYDE PARK (N. Y.) Aug. 9.**—Before several thousand persons who stood nearly two hours under a sweltering sun, Franklin D. Roosevelt formally accepted the Democratic

nomination for Vice-President to-day and urged ratification of the peace treaty, "which, to make it a real treaty for a real peace, must include a League of Nations."

"The League of Nations," he asserted, "is a practical solution of a practical situation. It is no more perfect than our original Constitution, which has been successful."

"Through it we may throw our moral force and our potential power into the scale of peace. That such an object should be contrary to American policy is unthinkable; but if there be any citizen who has honest fears that it may be perverted from its plain intent to conflict with our established form of government,

It will be simple to declare to him and to other nations that the Constitution is supreme.

**FAMILY OF NATIONS.**

"Today we are offered a seat at the table of the family of nations to the end that smaller peoples may be truly safe to work out their own destiny. We shall take that place. I say so because I have faith that this nation has no selfish destiny."

Mr. Roosevelt urged extension of

teaching the illiterate, strengthening the immigration laws to exclude the unfit, higher salaries to government employees, further protection of child life and women in industry and reorganization of governmental machinery.

The ceremonies were held at Springwood, the Roosevelt estate. Mr. Roosevelt spoke from the veranda.

**Homer S. Cummings, former**

chairman of the Democratic National Committee, delivered the address of notification.

Secretary Daniels, Gov. Smith, Chairman G. P. White, W. G. McAdoo and Norman E. Mack, Democratic national committeeman from New York, were among those present.

**TAMMANY IS PRESENT.**

A feature of the celebration was the presence of a Tammany delegation

of 600, including 150 women. Charles F. Murphy, Tammany chieftain, sent word that he was unable to attend. Mr. Roosevelt's early political successes are attributed by many of his friends to his opposition to Tammany, but apparently past differences were forgotten today.

Three or four times during his address, Mr. Roosevelt was forced to pause until an airplane, soaring overhead, had flown away.

Mr. Roosevelt's declaration that the war was but half won with the victory of the armed forces and that he looked forward to "the international settlement which will make it unnecessary to send again 2,000,000 men across the sea" was greeted with cheers.

The crowd also apparently enjoyed his attacks on the Republican Senators, interrupting with such expressions as "Atta boy, Frank, hit

Mr. Roosevelt will go to New York tomorrow for a final conference with party leaders before beginning his first campaign tour, which includes a visit to the Pacific Coast.

# Black Clouds of War Again Are Gathering Over Whole of Europe.

## NATIONS AGAIN ON VERGE OF TERRIBLE CONFLICT.

**President Wilson is Preparing to Give to the World America's Stand on Struggle Against the Reds.**

(BY CABLE AND ASSOCIATED PRESS.)  
BERLIN, Aug. 9.—It is reported from Warsaw that the Vatican's envoy has informed the Polish government that the Pope intends to send a call to all Christian nations to unite in saving Poland from the Bolsheviks.

The Hungarian delegation has arrived in Warsaw, offering troops, munitions and wheat to Vice-Minister Dacinski.

BY ARTHUR SEARS HENNING.  
(BY CABLE—EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 9.—"Extremely grave" was the official characterization of the Polish crisis here today concurrently with the receipt of London dispatches expressing fears that Europe is on the verge of another great war.

It also was stated officially that "before many hours have passed" the administration will set forth the position of the American government in regard to the Russo-Polish war, and the adoption of measures to bring it to an end, and to save Poland from destruction.

Whether this announcement will be made in the form of a statement to the public, a note to the Allied powers or an answer to the note addressed by Poland to the United States, was not indicated. The State Department said that the Polish note had not been received, and denied the cable report from Paris that a note had been received by France from the United States.

**ATTITUDE A MYSTERY.**  
The statement of the American attitude in connection with the Polish crisis is being prepared by the President, and other officials profess to be ignorant of its purpose. The general feeling, however, is that the President will stress the necessity of preserving the independence of Poland, and maintaining territorial integrity within the boundary.

The western boundary of Poland was laid down in the Treaty of Versailles, while the eastern boundary was less formally sketched by the Allied Supreme War Council. It was this eastern line which Poland succeeded in its offensive against Russia, undertaken, according to the Poles, as a defensive measure.

The President also is expected to take a stand in opposition to any dismemberment of Russia, preceding the establishment of a Russian government. Against that day the Allied and associated nations, in his opinion, ought to act as trustees of Russia for the Russian people. His refusal to recognize the Soviet government is founded on the contention that it is an autocratic and despotic regime, representing power by coercion of the helpless majority of the people.

**SETTLEMENT TERMS.**  
In line with this reasoning, the President might reasonably be expected to declare for a settlement of the Russo-Polish war on the basis of recognition of the eastern boundary of Poland laid down by the supreme council. Under the terms of such a settlement, the Bolsheviks would be required to withdraw to ethnographic Russia and the Poles required to remain within ethnographic Poland.

How to accomplish this or any other settlement safeguarding Poland without employing military force is the question of the hour, with the Soviet daily driving closer to Warsaw. There will be unusual interest in what the President has to say on this point, particularly to the question of the United States furnishing part of the forces required.

There also will be great interest in what the President may or may not say with references to the duties to the League of Nations to stop the Russo-Polish war. He never has made known in any public way his view of the failure of the League to take cognizance of this breach of peace despite the precise procedure laid down by the covenant for dealing with war and threats of war.

Secretary of State Clegg was asked today if he understood why the League had taken no action to stop the Russo-Polish war. He confessed, however, he had no information of any action, but declined to offer an explanation.

This occasioned some surprise, inasmuch as other administration officials contend the Russo-Polish war is a part of the war with Germany and is properly being dealt with by the Allied supreme council. Instead of the League of Nations, which is intended to start with a clean slate after the settlement of the World War.

European dispatches reporting popular British and French opposition to sending troops to aid Poland make it more apparent that the League had it could have looked only to the United States to furnish an army adequate for the purpose, but was unable to requisition American aid in the absence of American membership in the League.

## TARS :: TAKE :: HIM :: ASHORE.

**Australian Prelate Landed at Penzance.**

Archbishop Mannix.

Archbishop Mannix of Australia, who sailed recently from New York for Ireland, despite Premier Lloyd George's statement that he would not be permitted to disembark there, was taken off the steamship Baltic today by a British destroyer and landed at Penzance, Eng. It is understood that the Archbishop went direct to London, and that the British government will permit him to travel where he pleases.

The Australian prelate aroused the ire of the British government by his outspoken remarks and actions in behalf of Irish freedom while visiting in the United States.

**PLYMOUTH (Eng.) Aug. 9.**—[By the Associated Press.] "I think the government is making it worse for itself than for me. It is putting me to a little inconvenience, but is making itself very silly."

Thus spoke Archbishop Mannix of Australia to six priests and a few newspaper men who greeted him on his arrival here tonight from Penzance. The Archbishop referred to his removal from the Baltic and the restrictions placed on his movements. He proceeded to London.

**LIVERPOOL, Aug. 9.**—Naval officers from British destroyers boarded the steamer Baltic when she arrived off Queenstown last night and presented orders to Archbishop Mannix from Gen. Sir Nevill Macready, military commander in Ireland, and Field Marshal Sir Henry Hughes Wilson, chief of the Imperial staff, according to the Rev. Daniel Foley of Ballarat, who arrived on the liner today. Gen. Macready's order forbade Archbishop Mannix to land in Ireland. Gen. Wilson's communication said he could not land at Manchester, Liverpool or Glasgow.

The Archbishop refused to leave the steamer and was technically arrested by an officer placing his hand upon the prelate's shoulder, Father Foley said. He was then taken to a destroyer.

**LONDON, Aug. 9.**—The staid House of Lords was treated to a mild sensation as the Lord Chancellor resumed his seat after moving a second reading of the restoration of order in Ireland bill. Alexander M. Carris, a Belfast Irishman, now a resident of London, who last Saturday said an offer to arrange a meeting between the Sinn Fein and Premier Lloyd George had been made to the Premier, was standing behind the rail at the steps to the throne.

"If you pass this bill you may kill England, not Ireland," he said. No reply was made to him.

**88's, so it is hard to keep the ammunition dry. Then I have a batch of grenades which are useless against cavalry."**

**NOT WITHOUT HUMOR.**  
The campaign is not without humor. One of the funniest things in my life was seeing a Russian officer astride the frontier wall near Gravello. It is a small stone wall astride which he sprang from his horse and looked into Germany.

German guards arrived. "How about trading rubles for German ham?" said the officer. But the German guards, with rifles over their shoulders, pointed angrily at the officer's horse, which was swinging over sacred German soil.

"Take that leg back into Poland, then we'll trade with you," said the German guards. The Russian swung his leg back.

"You certainly are not a Socialistic bunch here," the Russian laughed, but once the breach of neutrality was mended they mended together over the wall.

It is laughable to see the Moulaski and Comacks riding in coaches and private wagons with the Poles driving. One of the first things the Bolsheviks requested is a vehicle, promising the frightened drivers they will release them when the next big town is captured.

**"COLD FEET" RELIEVED.**  
By Floyd P. Gibbons.  
(EXCLUSIVE DISPATCH.)

**WARSAW, Aug. 9.**—Thousands of cases of cold feet resulting from the report that the Reds were twenty miles from Warsaw and were conducting a big encircling movement to the west, were much relieved tonight by statements from a party of Americans returning from the northeastern front.

"We went as far as Wyszakow, then down the Lukow railroad line to Bial," said one of the investigators. "We found the line holding well although some of the young Polish officers were uncertain as to what to do if the Reds attacked in force. We heard considerable fire from machine guns, but almost no artillery."

In spite of this cheerful optimism the foreign columns continued to leave Warsaw as speedily as they had planned.

**STAFF IS GONE.**  
The entire staff of the American legation left for Posen, leaving behind only Mr. Secretary John Campbell, while acting as chargé d'affaires. Second Secretary Moffitt and one assistant. They have an automobile ready to take leave of the city at the last moment. A large force of the Red Cross trains were on the last train last night.

The most sensational of the reports of the encircling movement placed the Reds within reach of Medlin, at the Vistula's junction with the Bug River, and stated that Nasseles was attacked with such force that three armored trains were dispatched to hold this point to prevent the cutting of an important railroad line.

The Reds were closest to Warsaw in the north and northeast, and the nearest point they were reported to have reached was West Siedlce, just inside the sixty-five-mile radius, in the direction of Brest-Litovsk. From there to the south the Reds' attacks have almost entirely let up.

## WARSAW PEOPLE PANIC-STRICKEN.

**Parade Streets Beseeching Protection from Reds.**

**Poles Exhibit Chinese Prisoners to Stiffen Morale.**

**Attempt Made to Keep People from Fleeing City.**

BY PARKIE BROWN.  
(BY CABLE—EXCLUSIVE DISPATCH.)

**WARSAW, Aug. 9.**—Apparently for the purpose of stiffening the failing nerve of the civilian population, the Polish guards marched through the streets with a group of Chinese mercenaries captured on the front.

The sight of these prisoners was anything but encouraging, however, and seemed to produce the opposite effect from that desired.

Of the true Mongolian type, they were big fellows; they wore long loose tunics and no shoes. The general effect of these wild appearing men was one of terror.

**APPEAL FOR PROTECTION.**  
For four hours this afternoon the principal streets in the central part of town were almost entirely blacked by long processions of women, children and old men in a religious appeal for the protection of their homes from the Reds.

Apparently every church in the city poured out its hundreds of members to join the thousands and tens of thousands that streamed from

all directions toward the downtown section.

Each line was headed by priests and choir boys in cassocks and opsocks, followed by groups of girls dressed in white and wearing long white veils which fell below their shoulders, covering their entire heads. Then came others carrying church banners and sacred relics.

Following in columns the full breadth of the wide street, came the old men, their heads bare. In all the thousands of marching men not one was found who was of military age, or who was physically fit for service at the front.

**CHANT LITANY.**  
As they marched the entire procession chanted a high-pitched litany. The correspondent, threading his way through the crowds in the central section, occasionally heard two or three columns chanting their shrill tunes as they came down intersecting parallel streets.

The church authorities are trying to prevent their congregations from fleeing from Warsaw. Some of the highest dignitaries insist that they will remain in their city, come what may.

**PLANE FALLS.**  
A large Polish bombing airplane, en route for a raid over the Red lines, crashed to the ground shortly after leaving the Warsaw flying field, killed both of its occupants and three men who were standing directly in its path when it fell.

According to information received from Polish sources the thousand Reds who laid down their arms on the Brest-Litovsk front near Janow did so not only because of the lack of food, but because they had heard that a regiment composed of citizens of Minsk had formed behind them to shoot them down if they attempted to retreat.

According to information gained from Entente circles Rumania has refused to allow Hungarian troops to cross its frontier should they come to aid Poland.

**CANTU PLANS AN OFFENSIVE?**

(Continued from First Page.)

The question of the government of this district is put aside to be settled satisfactorily within the law and municipal discipline as soon as a lawful government in Mexico may be established.

"As a courtesy to the press which has been asking for a categorical statement from Col. Cantu it must be said that in the present attitude of the government of the northern district of Lower California, no foreign government or foreign influence has anything to do in it. The formal actions of Col. Cantu, who has been able to maintain the most cordial relations with the North American authorities as well as the respect toward the national dignity of Mexico, make this statement unnecessary, but it is issued, however, to pacify the patriotic demand of many who have seen very often our politicians foster their aspirations in foreign countries.

"In regard to the constitutional question that comes to increase the number of many other national problems already existing, Col. Cantu will make a statement at the proper time. Meanwhile, he wishes to accept this work without any other energetic protest against a crude political imposition. From this union will spring the conciliation, and it will lead us to resolve the constitutional problem in the wisest and most satisfactory way to assure the future of Mexico."

The usual official communiqué was issued today from the press office, and was couched in terms of denial of rumors from other sources. It follows:

"A published statement from Mexico City that two companies of troops at La Coladora in the northern district of Lower California are being sent to the United States to fight against the forces of the Federal government is incorrect. Gov. Cantu has no commissions to send to any other country to fight against the forces of the Federal government. It has been stated that the provisional government of Mexico has been established, so they have not yet arrived."

"Statements that the Federal government is sending troops to the northern district of Lower California, whose names are being published, are entirely untrue. No troops are being sent to the northern district of Lower California, and no names are being published."

"The government knows of the four candidates for the office of the northern district of Lower California, whose names are being published, and has not yet decided which one to accept. It is not yet decided which one to accept. It is not yet decided which one to accept."

"The government knows of the four candidates for the office of the northern district of Lower California, whose names are being published, and has not yet decided which one to accept. It is not yet decided which one to accept. It is not yet decided which one to accept."

## GERMAN SHIPS REACH AMERICA.

Five Captive Men-o-War Arrive at New York Harbor.

Will be Sunk After Examination by Naval Experts.

Outfitted Said by Jackies to be "Some Ship."

(BY A. P. NIGHT WIRE.)

NEW YORK, Aug. 9.—Five captive warships, once units of the proud German navy but now humbled and battered relics of a defeated nation, entered New York harbor today.

Their arrival marked the beginning of their last year of existence for when they serve their purpose as exhibits they will be sunk.

They were the dreadnaught Outfitted, the cruiser Frankfurt, and three destroyers, the V-48, G-102 and R-132. Except the Outfitted, they are part of the great fleet that surrendered at Scapa Flow and afterwards were sunk by their German crews. They were allocated to the United States in the division of captured vessels.

In command of the Outfitted was Capt. J. P. Helweg, with a crew of 400 men. From 100 men were assigned to each of the other craft.

SHIP DISMANTLED.

For more than three months Capt. Helweg and his crew worked to make the warship navigable. The Germans had stripped her of all electric equipment and furniture. Temporary furniture for the officers was made of boxes. Her engines, however, were in fairly good condition.

Due to their submergence at Scapa Flow, the other vessels are little better than rusted hulks. The battle-

ship, however, still is a powerful fighting unit, according to her crew. It was said many new and clever devices for storage of coal and oil fuel were found.

IS A "WHALE."

As a "battle-ship," the American jackies asserted the vessel should be a "whale." She has six heavily-armed turrets with guns from twelve to fourteen inches. She carries twenty-three five-inch rifles and many three-inch rapid-fire Forward and aft are single torpedo tubes with twin tubes on all four quarters. Her armor is exceptionally heavy.

The Outfitted was in the battle of Jutland and shows two scars inflicted by British projectiles. She was seriously damaged by a mine as she withdrew. All damage was repaired by the Germans.

The ships will be kept here a week or ten days and be open for inspection. Then they will go to other ports. Preceding their destruction they will be taken to navy yards and studied by naval experts.

It is the dreadnaught, the only one that could move on her own power, they came up the Hudson as the sun was sinking. River craft gave them little heed.

SALEM (Or.) Aug. 9.—Gov. Ott said today that he is making an intensive investigation into the Japanese situation in Oregon for the purpose of collecting data for the use of the executive department, State Legislature or any other individual or department interested.

This data may be submitted to the special Congressional committee which has been investigating the Oriental conditions on the Coast, and which is expected to visit this State.

Frank Davey is the Governor's special agent in the inquiry. He has visited Astoria, Portland, Hood River and some other points, and will go to Bend.

The investigation will show how much land is owned by the Japanese in Oregon, and their connection with Oregon industry in any other way, the Governor said.

TO SURRENDER BOY TO REFORM SCHOOL.

CHICAGO, Aug. 9.—Arthur Shafer, 12-year-old boy, applicant of the city by the Boy Brotherhood Republic, a self-governing league of Chicago boys, so that he could not be sent to a reformatory for playing truant, was turned over to authorities of the parental school tomorrow, according to Shafer's father.

Shafer was taken to the republic's farm at Deer Grove, Ill., according to Shafer's father, who said the parental school has accepted the ultimatum that Shafer be paroled to the republic and be allowed to go to a public school.

Cuban Post Held for Court-martial.

WASHINGTON, Aug. 9.—Fabiello, "the patriot poet," and two other journalists are held by the United States court-martial in San Domingo for court-martial charges of violating certain rules of the censorship, according to information received today.

WASHINGTON, Aug. 9.—Will Hays, National Republican Committee chairman, is expected here tomorrow to confer with Senator Harding.

Harding received a large number of visitors at his headquarters today. The nominee had chats with all callers among whom there are always many Marionites.

Judge F. M. Cleveland of Wilmington, O., who entered the State Senate as Senator Harding was completing his period of service there, had a long conference with the Republican candidate.

He was accompanied by his brother-in-law, J. W. Robinson of Newport News, Va., and Judge Grant E. Mauser of Marion.

James B. Reynolds, prominently identified with the management of Gov. Coolidge's campaign also paid his respects today.

Called on Senator Harding today and told him that the first voice he ever heard of in the city of Marion, O., was that of the Republican nominee. He now a big ranch owner, formerly lived near Greens Camp, Marion county, and this was his first trip back to this country in thirty-eight years.

Many babies have been named after the Republican nominee since the Chicago convention, but now he is to have a street named after him in Marion.

NOMINEE SENDS GREETINGS TO STATE CONVENTION AT PALLAS, TEX.

(BY A. P. NIGHT WIRE.)

MARION (O.) Aug. 9.—In a message of greeting to Texas Republicans, Senator Harding declared to-night that it would herald a new era in American politics to have Texas lead in an alignment in which he forces the breaking up of the solid South.

This message was sent to F. E. Seoby, to be read at the Republican State Convention at Dallas. It follows:

"Please convey my most cordial greetings to Texas Republicans. It would herald a new era in American politics to have Texas lead in a new political alignment in the wonderful Southland with all its measureless possibilities."

"I recently sensed the inspiring confidence of Texans in the capacity of our republic to work out a great American destiny, and I firmly believe that the interests of your great State are those of our common cause, which the Republican party aims to preserve and promote. It will be fine to know that a brave and harmonious Republican organization has been effected, to give voice and influence to the party sentiment in Texas, and add to the force of our appeal to the confidence of all the American people."

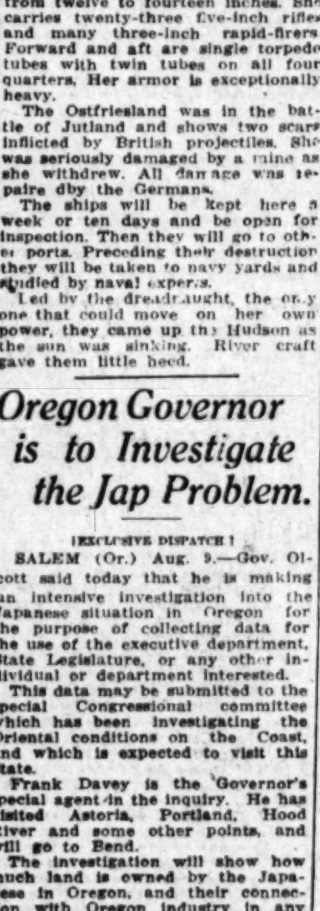

Most of the day was spent by the Senator at work on correspondence. He held several political conferences, however.

## WHAT'S DOING TODAY.

Los Angeles, Tuesday, Aug. 10. (Continued from page 1.)

**PROSECUTORS OFFICE FOR LOS ANGELES INFANTRY** today held a conference at the city hall to discuss the proposed plan for the organization of the Los Angeles Infantry.

**THE CITY AND ENVIRONS.**

**Talk on Mexico.**

Present conditions in Mexico and the future relations of Mexico and the United States, will be the topic upon which Eduardo Ruiz, Mexican consul in Los Angeles, will address the City Club at its luncheon tomorrow. Consul Ruiz was formerly Governor of the State of Colima.

**Initiate Tonight.**

Past Chiefs of the Pythian Sisters will make up the corps of officers who will conduct the initiation of candidates tonight for Los Angeles Temple No. 13, at Castle Hall, 236 South Spring street.

**Class for Officers.**

Actual battle technique and trench formation will be studied tonight by the prospective officers of the Los Angeles Infantry Regiment who will meet at the Exposition Park Armory for the classes being conducted by officers under the direction of Col. James McKnight, assistant Adjutant-General.

**ALLIES AGREE ON POLISH AID.**

(Continued from First Page.)

prevented importation into Russia of any goods the allies desired to keep out, they claimed, without having broken the soviet power.

**USE OF FORCE QUESTIONED.**

There was no reason to expect, it was said, that the formal announcement of a blockade already existing would promise any of the hope for remedial results. Use of force by France and Great Britain was equally void of hopeful results in the opinion of officials, even if these nations possessed the military power.

**Proclamation addressed by the Polish council of ministers to the Polish nation was made public today.** Affirming the desire of Poland to maintain good relations with its neighbors, appeal was made for all citizens to defend their homes "in the holy war before the gates of Warsaw."

**"The government will defend the country to the last drop of her blood," the proclamation added.**

**"MORE HOPEFUL."**

The latest word from the government had from Poland reviewed the situation up to Saturday night. The State Department announced that "more hopeful view of the situation at Warsaw" was indicated by these dispatches.

**The statement also said that some American residents had left Warsaw and that the American consulate was reported to be moving.** It was added that the American Legation was prepared to leave if the Poles moved the seat of government. Applications for passports from former citizens of Poland who wish to return home to aid relatives are being received in increasing numbers, but none have been issued for several weeks, it was said.

**RUSSIANS UNITED.**

Today's official dispatches indicated that the invasion of Russia by the Poles had resulted in uniting for the present, at least, divergent elements in soviet Russia. Soviet armies were reported as having become nationalistic in character, and the soldiers so enthusiastic that even deserters were seeking re-enlistment.

**More friendly relations also were reported established between the soviet government and the peasant.**

**GREAT FIGHT DEVELOPS.**

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Aug. 9.—The battle to decide Warsaw's fate has not really begun, according to the latest news, but both sides are preparing for the struggle.

Gen. Haller's new army occupies a strongly entrenched position between the Narva and the Bug rivers, where an army is able to block the approach upon Warsaw of a numerically superior enemy, as was demonstrated in the Napoleonic campaign of 1807.

Military observers believe the principal danger for the Poles is the advance on the Prussian frontier, because it would force them to extend their front westward when they need to keep their armies concentrated east of Warsaw. The Poles have been able to ignore this advance.

Heavy fighting continues on the eighty-mile front along the middle Bug. North of Brest-Litovsk the Russians have obtained a footing on the left bank of the river. To the south the Poles command both banks.

**PROTEST TO GERMANY.**

The Entente has delivered Germany a note protesting against interference with Entente trains en route to Upper Silesia, says a message from Berlin. The note declares such proceedings are contrary to the treaty.

**WRANGLER IS VICTOR.**

Gen. Baron Wrangel, the anti-Bolshevik commander in South Russia, has telegraphed the Russian Embassy in Paris under date of August 5 that the second attempt of the Bolsheviks to stop development of his offensive "ended in complete disaster for them."

**CAVALRY AT CHOWWILE.**

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Aug. 9.—A special dispatch from Marienwarder to the Morgenpost today says the arrival of soviet cavalry patrols at Chowwile presages a possible Russian invasion of former German territory ceded by the peace treaty. The eastern outlet of the Polish corridor to Dan-

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Aug. 9.—A special dispatch from Marienwarder to the Morgenpost today says the arrival of soviet cavalry patrols at Chowwile presages a possible Russian invasion of former German territory ceded by the peace treaty. The eastern outlet of the Polish corridor to Dan-

sign, it points out, is only a half day's march distant.

The correspondent urges that occupation by Bolsheviks of Przemysl, which might easily have been defended, indicates that Polish troops are fast succumbing to Bolshevik propaganda and discipline no longer prevails.

**FRENCH OFFER REJECTED.**

The Polish general staff has definitely rejected the offer of Gen. Weygand of the French army to take command of the Polish army if granted full authority, the Anglo-French mission in Warsaw reported today.

Both Gen. Weygand and Gen. Delina Radcliffe of the British military mission have been insisting that the situation was not hopeless.

The suggestions of Gen. Weygand and Gen. Radcliffe included regrouping the Polish forces and strategic movements. They advised strongly against keeping a large part of the Polish forces on the Galician front.

**POLES ARE DETERMINED.**

The Poles were determined on these tactics because they feared that if Eastern Galicia passes out of their hands it will be lost permanently.

It is known also that 800 picked French officers composing the Warsaw mission have found it difficult to exercise whatever authority apparently has been allowed them.

The Polish General Staff is composed of officers with Austrian, Russian and German training, and is therefore not only not united in theory, but is also at variance with Gen. Weygand and Radcliffe.

Allied leaders also failed to win President Pilsudski's support for their program.

**RUSS HIT WESTWARD.**

BY CABLE AND ASSOCIATED PRESS.

WARSAW, Aug. 8.—Soviet forces striking westward from the vicinity of Brest-Litovsk in their great encircling movement have cut through the Polish lines and crossed the railroad running between Sokolow and Siedlce. They reached a point west of Sokolow, but were counter-attacked. Violent fighting is proceeding.

Bitter fighting is reported northeast of Warsaw, where several villages have changed hands several times. Rozan, three miles southwest of Ostrolenka, was taken by the Bolsheviks yesterday, but now is in the hands of the Poles, who are defending it.

There is heavy fighting along the Bug River from Drzhicyn to Wlodzimierz-Zwolyn, where the Bolsheviks are being held. In the fighting along the southern front the Poles have the advantage.

**POCH IS HOPEFUL.**

BY CABLE AND ASSOCIATED PRESS.

LONDON, Aug. 9.—Bolsheviks still far from being beaten in the opinion of Marshal Poch, as expressed in an interview with the Exchange Telegraph Company's correspondent at Hythe.

Providing Poland's forces and her military materiel are quickly organized, the Marshal is quoted as saying, she may yet be able successfully to defend her frontiers.

**PAPERS ARE ANXIOUS.**

There is a deep note of anxiety pervading comment in this morning's newspapers relative to the rejection by the Russian soviet government of the request for a ten-day truce with Poland.

Renewal of war in Europe is generally considered a possibility and is treated in the gravest terms. It is regarded as inevitable.

"A very dark hour," is the Times' editorial headline.

"It is war," says the Daily News. The Telegraph declares: "The situation looks gravest. The Poles have been beaten since the Germans marched into Belgium."

**SIGN TREATY TODAY.**

BY CABLE AND ASSOCIATED PRESS.

PARIS, Aug. 9.—An agreement has been reached between Italy and Greece on disposition of the Dodecanese islands, which has been holding up the signing of the peace treaty with Turkey, according to the Temps today. The treaty will be signed tomorrow.

The agreement, it is understood, provides for transfer of the twelve small islands of the group to Greek sovereignty, and for postponement of the plebiscite on the island of Rhodes for from five to fifteen years.

**CAVALRY TAKES CHOR.**

BY CABLE AND ASSOCIATED PRESS.

PARIS, Aug. 9.—Russian cavalry driving westward from Przemysl has occupied Chor, within a day's riding distance of the Warsaw-Danzig railway, which is expected to be reached either at Miawa or Ciechanow late today or early Tuesday, according to advices reaching the French Foreign Office.

The soviet cavalry units are reported greatly depleted owing to the exhaustion of both men and horses.

## OVEN BAKED BEANS

Feeding the boys and their father can be hard—and sometimes the more trouble you take the harder it is to please. One sure, quick and easy way is to serve HEINZ OVEN BAKED BEANS. The work has all been done in the Heinz kitchens. Long baking in dry heat in real ovens has made them a perfect food, easily digested and highly nutritive. Heinz tomato sauce and tender cuts of pork have helped to make them as appetizing a dish as you could possibly provide.

### FOUR KINDS:

- Heinz Baked Beans with Pork and Tomato Sauce
- Heinz Baked Beans in Tomato Sauce without Meat (Vegetarian)
- Heinz Baked Red Kidney Beans
- Heinz Baked Pork and Beans (without Tomato Sauce) Boston style

# LINGERIE

WHY let your "Sunday-go-to-meeting" lingerie lose the filmy lacy and silken sheen that make it so lovely, when you can keep it as fresh and dainty as new just by dipping it into the wonderful cleansing lather of Ivory Soap Flakes?

Such an easy way to wash—no rubbing at all—and you know it's perfectly safe because these quick-solting flakes are just good old Ivory Soap after all.

Silk and satin chemises, jersey bloomers and bandeaux, crepe de chine and Georgette gowns, tulle petticoats, tinted silk stockings—even your frilly bodice caps and lace negligees will keep their beauty twice as long if you use only this pure, mild soap, in its newest form, for their laundering. At your dealer's.

## SOCIETY.

BY VIRGINIA WOODS.

**Plans Garden Party.**  
By way of formal opening of their handsome new garden on West Adams street, Mr. and Mrs. Chester Brown are planning to entertain on a lavish scale on Saturday afternoon and evening, September 18. They are issuing 600 invitations. The affair will be in the nature of a reception and tea during the afternoon, while the evening will be given over to dancing on the handsome tennis court, which is illuminated by hundreds of electric lights. They will be assisted in receiving by a coterie of maids and young matrons.

**For Miss Whitaker.**  
In honor of Miss Edith Whitaker, whose engagement to Harold W. Butler was announced, Mrs. Dwight Bridges gave a bridge tea at her country place, near Pasadena, on Saturday. There were twenty-four guests. Miss Whitaker is the daughter of Mr. and Mrs. Miller and will be married at 815 West Eighteenth street. Mr. Butler last year returned from overseas, where he served three years in the army, having gone over with the Yukon contingent. He is the grandson of the late Mrs. Margaret Hughes of St. James Park and son of Mrs. Josephine Butler. The wedding will take place the middle of October.

**For Denver Matron.**  
Mrs. Lloyd George Schults of San Francisco, who has been visiting her parents, Mr. and Mrs. Frederick William Brown, since the birth of her young daughter, Kathryn, last January, is planning a luncheon for Wednesday of next week at the Los Angeles Country Club—the affair being in the nature of a compliment to Mrs. Edwin L. Prentiss of Denver. There are to be thirty-two guests.

**At Del Monte.**  
John B. Miller, chairman of the Pacific Coast subcommittee of the Polo Association, has been a visitor at Del Monte Lodge for the past ten days. Mrs. Miller and her sons, Ted and Jack Miller, are expected to join him shortly and as the young men are polo players of note at Pasadena they will so doubt secure mounts and participate in matches at Del Monte.

**Pretty Wedding.**  
The quaint country home of Dr. W. A. Johnson at Sycamore Springs, Santa Monica, was the scene of a pretty wedding on Saturday. The bride, Miss Hazel Alice Bartlett of St. Paul, Minn., a cousin of the late Mrs. Johnson, became the bride of Mr. Roland Dr. Johnson of Los Angeles. Rev. H. C. Waddell of this city read the marriage service in the presence of thirty guests. Arthur D. Cloutier of Sierra Madre played the wedding music. The bride is well known both in social and dramatic circles in St. Paul and has just returned from France, where she was actively engaged in the entertainment section of the Y.M.C.A. Mr. Johnson is a graduate of Princeton and a member of the faculty of the Franklin High School of this city. Immediately following the ceremony and reception, the couple left for a motor trip through the mountains and will be at home at 5081 Montezuma street, Los Angeles, after October 1.

**Well-Known Visitors.**  
Mrs. L. H. Baskeland of Yonkers, N. Y., wife of the noted chemist, is a visitor here and is being much entertained by eastern friends, who are making their homes here. She has a suite at the Alexandria and will soon be joined by Mr. Baskeland. He was a member of the navy consulting board, who devised many wonderful inventions, which went materially toward the winning of the war.

**Personal.**  
Mr. and Mrs. Edward A. Featherstone and their little son, Ted Edward, are leaving this week for Santa Barbara, where they will be at the Ambassador Hotel for two or three weeks.

Mr. and Mrs. Hyman Harrison and daughter, Miss Fay Harrison of New Orleans, La., are at the Hotel Alexandria.

Mrs. C. E. Staples, a prominent society matron of Fresno, is a guest of Mrs. E. Lamb of 1735 West Sixth street.

Dr. and Mrs. West Hughes have returned from a delightful two weeks' trip to Seven Oaks, this side of Big Bear. Their niece, Miss Georgia Kean, and her uncle and aunt, Mr. and Mrs. William K. Thompson, are spending the summer at La Canada, at Mrs. E. T. Earl's country place. Mrs. Earl is still in Seattle and will again visit in San Francisco before returning home.

Dr. and Mrs. George W. Moore of Hollywood have returned from a motor trip to Lancaster, where they visited friends. They have also been at Catalina.

Mr. and Mrs. Boyle Workman and daughter, Miss Audrey Workman, have returned from Catalina, where they have been the past two weeks.

**NO LICENSE TO DRIVE.**  
Man who Ran Down Hollywood Woman Not Properly Qualified.

That E. W. White was driving a truck of the Union Transfer Company of Long Beach without being the holder of a driver's permit when the machine ran down and killed Mrs. Marion Harris at Rosewood and Western avenue is one of a rash charges made at a hearing given yesterday afternoon by the Board of Public Utilities on the question of revoking the company's interurban freight line license.

The board summoned the officials of the company following the killing of Mrs. Harris. Officers of the company stated at yesterday's hearing that the corporation has always endeavored to obey the rules of the board.

The case was taken under advisement until the courts act in the case.

**HE'S FOR IT.**  
In reply to one of the postcards sent out by the Business Men's Association, an organization opposing the Plaza terminal project, in a canvass of opinion on the subject, Will D. Gould, the Temple Block attorney, yesterday mailed this reply: "The great city of Los Angeles, present and future, is and will be from the mountains to the sea. It is not penny wise and pound foolish. The people pay all the bills. The Plaza is the only logical place. The other is a hold-up."

### DEER SCOOT FOR TIMBER.

Entire State Thrown Open on Sunday Morning.

Designation Refuges Only Havens of Safety.

Chase for Nimble Buck Looks Good in Malibu.

A regular old-fashioned deer season begins Sunday, when California throws open the entire State, with the exception of designation refuges, to the lovers of the sport of sports. Sunday's opening means a great deal more to local hunters than did the release of Ventura and Santa Barbara counties a fortnight ago. Next week the Los Angeles boys will have a chance to get out into their own back yards and bring in what they shoot.

### The New Refrigerating Unit —Adaptable to Your Ice Box

Compare the antiquated method of cooling your refrigerator by delivered ice, which collects dirt and germs from the street and melts in your ice chest, with "Kelvinator," the modern refrigerating unit which works automatically by electricity and maintains a dry constant cold in every compartment.

## Kelvinator

Refrigerates Without Ice

Kelvinator stops and starts automatically by electricity and makes cubes of pure ice for your drinking water.

Kelvinator will fit your ice box without mutilating it, and once installed delivers a "200-pound" capacity of dry, even cold, preventing food from spoiling.

Kelvinator is a great convenience, saves money, time and labor. See it demonstrated today in our show rooms.

We carry a complete line of electrical household servants—vacuum cleaners, washing machines, ironing machines, sewing machines, irons, lamps, etc.

### OAKS HERE TO BATTLE TIGERS.

### OAKS HERE TO BATTLE TIGERS.

(Continued from First Page.)

It will be some time before he can twist it around a bat. HEAVENS DO WELL. Despite the Celestials' awful slump in the last fortnight, their pitching staff is going good and all things considered is the best in the league. Had Killefer been able to get a good hitting second sacker in the early part of the season and had McDermott and Griggs been lucky enough to escape injuries, the Angels today would have a mighty grasp on the Pacific Coast League lead.

Seattle began to shoot its bolt last week. The team is playing clear over its head and as we have often said before, if the Sugs finish in the first division we shall certainly be surprised. Seattle should have all its needs attended to when they hit the south again. Unless all stars fall we expect to see the Vernon, Salt Lake, Los Angeles and San Francisco teams in the division by the time the tide of October crawls around. Los Angeles, however, will have to strengthen a little in the next few weeks to keep within that division.

The Pacific Coast League teams play this week as follows: Oakland at Los Angeles with Vernon; Los Angeles with San Francisco at San Francisco; Sacramento with Salt Lake at Salt Lake; and Portland with Seattle at Seattle.

The following were the results of the series played last week: Sacramento defeated Vernon 4 out of 7; Portland walloped Los Angeles 4 out of 8; Seattle trimmed San Francisco 4 out of 7 and Salt Lake dropped 4 out of 7 to Oakland.

### Knockout Darcy After a Scrap.

Wad Wadhams, Vernon fight matchmaker, had to pass up a good bet this week because his card for tonight was full. Johnny Darcy, lightweight by trade, came to town with the battleship Kansas and immediately beseeched Wadhams for a fight, extra bout or anything.

Wad promised to do something for the sailor next week, but the Kansas leaves port tomorrow. Darcy has a record for fourteen knockouts in the lightweight ranks. Duke Prie, a former Vernon enthusiast, wrote to Wadhams from Honolulu, where he saw Darcy scrap, that the job is a wonder and by all means to card him if the opportunity offered. The sailor will be at the ringside tonight, hoping for an extra bout.

### NEVADA WOULD PLAY FOOTBALL IN HAWAII.

(BY CABLE AND ASSOCIATED PRESS.) HONOLULU (T. H.) Aug. 9.—University of Nevada football team will come to Honolulu for Christmas and New Year's games with the University of Hawaii gridiron stars. If the visitors' expenses are guaranteed according to advice received from President W. E. Clark of the Nevada institution.

### Skeleton of Man Is Discovered in Box.

(BY A. P. NIGHT WIRE.) OAKLAND, Aug. 9.—The skeleton of a man concealed in a box was found in a creek bed between Martinez and Richmond yesterday by two Oakland boys, who made a report to the police today.

No details of the discovery have been made by the authorities, who have gone to the scene.

### Ownership of Pup Puzzles This Solomon.

(EXCLUSIVE DISPATCH.) CHICAGO, Aug. 9.—A dispute over the ownership of a brindle bull pup caused Judge Cook of the municipal court to ponder for half an hour today.

Mrs. Irene Ecardt and Mrs. Augusta Cummings both claimed ownership of the canine. Mrs. Ecardt claimed the animal was stolen from her several days ago.

The judge hit upon a plan which he believed would settle the dispute without delay. "Whoever can call the pup to her gets him," the judge told the litigants.

When Mrs. Ecardt called "Towser" the dog made a wild scramble for her barking and wagging his tail. But when Mrs. Cummings's turn came to summon the dog, he showed no partiality, but made an enthusiastic dash for her when she called, "Princess."

The judge in desperation tossed up a coin and awarded the dog to Mrs. Cummings.

### Wyoming Man Inherits Estate in Australia.

(EXCLUSIVE DISPATCH.) SALT LAKE, Aug. 9.—Anton Braga, Jr., of Shoshone, Wyo., this afternoon identified the body of a man found on the streets here the other day as that of his father, a former employee of Gov. Gooding of Idaho.

Incidentally the son learned that he was sole heir to an estate in Australia, the deed for which was found in the dead man's pockets and the existence of which was unknown to his family or friend Braga came to America from Portugal years ago, his brother going at the same time to Australia, where he amassed a fortune which, on his death, was willed to his brother in Idaho.

So far as known, the heir never had claimed ownership, but his son will proceed to Australia at once to take possession.

### Freshman Class at Vassar Cosmopolitan.

ROSTER SHOWS 300 STUDENTS, REPRESENTING SIXTEEN NATIONALITIES.

(EXCLUSIVE DISPATCH.) POUGHKEEPSIE, Aug. 9.—The roster of the freshman class at Vassar College includes young women of sixteen different nationalities. The entire class has more than 300, who will enter on next Tuesday, when the college session resumes for another year. This announcement was made by the faculty committee on admission, which has been in session reviewing applications for admission and preparing the final list of eligible and admitted freshmen.

Czechoslovakia will be represented by five students, who come here as holders of scholarships given by a friend of the college.

Three other of the foreign students will come from France, and will act as part time instructors in the French department.

Russia will send as her representative the daughter of the distinguished composer, pianist, Serge Rachmaninoff, while England, Japan, Italy, Chile, Serbia, Greece, Sweden and China each will send representatives to swell the numbers of the freshman class.

Vassar's total enrollment for the coming college year will be almost the same as it was in 1919-1920, for the limited accommodations of the college make it impossible at the present to admit all of the many young women who have applied.

### Bloodhounds Search for Sheriff Slayer.

(BY A. P. NIGHT WIRE.) WORTHINGTON (Mich.) Aug. 9. Bloodhounds and citizens tonight were searching for the slayer of Sheriff F. J. McCall of Nobles county.

McCall was killed and Jack Foster was shot and wounded when they attempted to arrest two men accused of stealing Foster's clothes.

Disease Caused by Germs in the Blood.  
First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism. You may use them by the gallon, and rub the painful parts by the hour, getting possibly some temporary relief from the torturing pains, but you are making no headway whatever toward reaching the cause of the disease. Medical scientists differ as to the cause of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to attack the disease at its source, and cleanse the blood of its cause.

**WEDDING ENDS LARCENY CASE.**  
Accuser Marries Woman Whom He Had Arrested.

**Home Founded Here Ignoring License Made Legal.**  
**Husband Charged Bride Drew Too Much from Bank.**

A romance that went on the rocks got into Justice Summerfield's court yesterday as a criminal proceeding, and then ended in the wedding of the prosecuting witness and the defendant, the girl in the case.

The romance began several years ago, when Miss Madeline Williams, then 19 years of age, left a convent school and tried to face the world alone. She met E. S. Bradley, otherwise known as W. Lester Williams, now president of the Allied Productions Company of Hollywood.

Mr. Bradley engaged an airplane and came to Los Angeles. He swore out a complaint, charging Miss Williams and Mr. Murray with grand larceny. The trio returned from Albuquerque, where they had gone, and Miss Williams was arrested and placed in jail.

Yesterday she was in court, but did not take the stand. The facts seemed to point to a solution of the tangle by Mr. Bradley marrying Miss Williams. His former wife is legally dead, there was no obstacle. Justice Summerfield married the couple. He discharged both Mr. Murray and Miss Williams from the criminal charge.

Lou Guernsey was counsel for Miss Williams and Mr. Murray. Gesner Williams and D. D. Salles represented Mr. Bradley. Dep. Dist. Atty. Buron Fitts conducted the prosecution.

**TWICE-MARRIED MAN IN ODD PREDICAMENT.**  
**HOPES ONE COUNTY GIVES HIM DIVORCE BEFORE SECOND PROVES HIM BIGAMIST.**

The odd predicament of a twice-married man, now living with wife No. 2, suing wife No. 1 for divorce is presented by a suit filed in the Superior Court yesterday by Seymour Bennett, who asks a divorce from Blanche C. Bennett. A bigamy charge recently was made in Santa Ana against Mr. Bennett, who is a Pasadena contractor, by Dr. Samuel F. Danielson, divorced husband of Mrs. Clemential C. Danielson, who married Mr. Bennett when both he and she were under the impression that the first Mrs. Bennett had secured a divorce in Reno. Dick Foye Harding is attorney for Mr. Bennett.

The Pasadena says that an attorney told him Mrs. Bennett No. 1 had secured a divorce from him in Nevada. Trusting in that assurance, he says, he and Mrs. Danielson, who shortly before had secured a divorce in Sacramento, were married in Santa Ana, December 2, last year. Following the divorce, Dr. Danielson sued Mr. Bennett for \$50,000 for alienation of his wife's affections and secured judgment for the full amount.

Unworried by that, Mr. Bennett and wife No. 2 spent several months in the Northwest on what they say was a long and happy honeymoon. They returned a few weeks ago to learn that Dr. Danielson had sworn to a charge of bigamy and an Orange county warrant was served on Mr. Bennett by his brother, Nelson Bennett, who is a motorcycle policeman. Now it looks something like a race between Los Angeles and Orange county justice. Mr. Bennett is eagerly hoping that Los Angeles county will hurry up and make a divorce out of him before Orange county tries to prove him a bigamist. Mr. Bennett's home is at 463 Oak Knoll avenue, Pasadena.

**ELEVEN ADMITTED TO STATE'S LAW COURTS.**  
Eleven applicants were admitted yesterday by the District Court of Appeal to practice law in this State. They are Charles Bagg, formerly of Oklahoma, now residing at Venice; Margaret E. Connell, from Utah, now in Los Angeles; Calvin S. Mauk, from Ohio, now in Los Angeles; J. M. Blankenship, from Texas, now in Glendale; Howard L. Grace, from Hawaii, now in Los Angeles; Frederick H. Randall, from Colorado, now in Montecito; John Francis Bailey, from Illinois, now in Los Angeles; Walter C. McNeil, from Michigan, now in Los Angeles; George E. Trowbridge, from Oregon, now in Los Angeles; Howard E. Foster, from Canada, now in Los Angeles; and George D. Melkjohn, from Nebraska, now in Los Angeles.

**SNAPS TRIGGER OF "EMPTY" GUN.**  
Now He Has Bullet Wound in Leg: Was Told Revolver Was "Playing."

Because Arthur Silver had told him a .22 caliber revolver was just one "of the kid's playthings and was not loaded," Arthur Odas, a 20-year-old high school boy of Whittier, is confined to his home with a bullet wound in his right leg.

He had gone to the Silver home to get a check for some work, and picked up the revolver from the floor. He handled it with caution until he was assured that it "had been kickin' about for a week."

Paying no heed to the direction in which the barrel of the gun was pointed, he pulled the trigger several times. Finally a cartridge in one of the chambers exploded. No serious complications are expected.

Because of the uncertainty of the situation, Mr. Bradley and Miss Williams, according to the story told yesterday in court, established a home together without the preliminary of a wedding. She says he promised to marry her, and the evidence yesterday was to the effect that Miss Williams was always received socially as Mr. Bradley's wife.

One day recently he went to San Francisco on business. He left Miss Williams a blank check to cover certain bills. While he was in San Francisco he learned that she had drawn out all of his money in the bank and left the city with William Murray, secretary of his company, and J. E. Coleman, one of his salesmen, he charged.

Mr. Bradley engaged an airplane and came to Los Angeles. He swore out a complaint, charging Miss Williams and Mr. Murray with grand larceny. The trio returned from Albuquerque, where they had gone, and Miss Williams was arrested and placed in jail.

Yesterday she was in court, but did not take the stand. The facts seemed to point to a solution of the tangle by Mr. Bradley marrying Miss Williams. His former wife is legally dead, there was no obstacle. Justice Summerfield married the couple. He discharged both Mr. Murray and Miss Williams from the criminal charge.

Lou Guernsey was counsel for Miss Williams and Mr. Murray. Gesner Williams and D. D. Salles represented Mr. Bradley. Dep. Dist. Atty. Buron Fitts conducted the prosecution.

**WRONG ADDRESS GIVEN.**  
W. M. Wotten, 427 West Forty-seventh Place, asserted yesterday that an error had been made in a to-let advertisement in The Times, offering for rent the house in which he lives. He believes the wrong address was given in placing the advertisement, because it reads "For colored only," and he declares no colored people live in that neighborhood.

## WANTS BAN ON "JAY WALKING."

Commissioner Works Out New  
Rules for Traffic.

Pedestrians May Soon Learn  
Regulation by Law.

Code Would Bar Children on  
Bicycles from Streets.

New rules for traffic, designed to minimize the chances for accident and to protect pedestrians in the congested districts, will be recommended to the Police Commission today by Commissioner Barry, who has completed his assigned task of devising new traffic regulations.

Some of the main points of the changes to be proposed in the traffic ordinance pertain to the control of foot traffic. Chief among the proposed innovations made public yesterday by Commissioner Barry are the following:

(1.) Prohibiting pedestrians by ordinance from crossing streets in the middle of the block, a practice known to traffic officers as jay walking. Pedestrian traffic to be regulated by ordinance as vehicular traffic is now controlled.

(2.) Speed cops who hunt traffic violators on motorcycles or in automobiles to wear plain clothes instead of uniforms.

(3.) Children under 12 years of age to be prohibited from playing in or from riding bicycles in the city streets.

(4.) That the commission urge that the police court judges inflict jail and fine penalties on traffic law violators which will be severe enough to cause real apprehension to law-breakers.

(5.) That automobiles be compelled by ordinance to keep in line in the congested district of the city.

(6.) Pedestrians to be prohibited by ordinance from passing behind a street car from which they have alighted. They should walk directly from the car to the sidewalk, thence to the street corner, and thence cross the street with other pedestrians.

(7.) Street railway companies to designate by marking on curbs at street corners places for waiting in length opposite stopping places of cars where passengers shall be expected to stand, instead of straggling along the waiting place a full length.

(8.) Automobiles to keep twenty feet instead of ten feet behind street cars at intersections of streets.

(9.) Uniform regulation of traffic in congested district, so that pedestrians and vehicles will move north and south on Broadway at the same time, and east and west uniformly.

(10.) Rigid enforcement by police and courts of the present traffic ordinance.

**MONTH'S WORK.**  
Commissioner Barry was instructed a month ago by the commission to prepare a report making recommendations for changes in the traffic ordinance.

The present campaign against reckless truck driving began. He wrote to police chiefs and traffic officers of all of the large cities of the United States for copies of their rules and regulations, and asked for suggestions.

The commissioner met the police officers of the local department in the assembly room at police headquarters, and asked for and received many helpful suggestions. He conferred with officers of the Automobile Club of Southern California and traffic officers of the Los Angeles Railway and Pacific Electric companies, and from all of these sources has prepared a report which he is expected to submit to the Police Commission this morning.

"From my investigation," said Commissioner Barry yesterday, "I am convinced that Los Angeles is in most cases one of the most American cities in traffic regulation, and is surpassed by none. Cleveland, for example, is just contemplating abolishing the left-hand turn, which we have already prohibited here in the congested district. We must work out the solutions to our problems in our own way to fit local conditions."

**SUGGESTS FLAG CONTROL.**  
"I believe that the synchronization of vehicular and pedestrian traffic along Hill, Broadway, Spring and Main streets and the cross streets in the congested district will go far toward eliminating accidents and delays in the downtown section of the city. I believe that it can be done very easily. For example, a flagman on the top of Bullock's store, could by a wave of the flag direct policemen up and down Broadway and on Broadway street, so that the traffic would all move in one direction at the same time."

"The commission, I know, is strongly of the opinion that severe punishment must be meted out to violators of our traffic laws—to drivers who do not stop to permit passengers to board or alight from street cars, for example; if we strengthen our traffic laws and then see it by presence of public opinion that the courts punish the 2 per cent of the public which violates the law, then I believe that the killings and injuries to men, women and children in our public streets will quickly end."

**ISLAND SUIT APPEALED.**  
Government Goes to Supreme Court with Command Award.

By the filing of a bill of exceptions yesterday in U. S. District Judge Trippett's court, first steps were taken by the government for an appeal to the Supreme Court in the suit of the government against the Coronado Beach Company for condemnation of North Island.

The island was seized by the government Aug. 1, 1917, for military purposes. Recently a jury awarded the company a price of \$5,000,000 for the whole of the island. A motion for a new trial was denied by Judge Trippett and the government is now seeking to take the case to the Supreme Court in an endeavor to get a reversal. The bill of exceptions was approved by Judge Trippett yesterday, and the case sent to the Supreme Court on a writ of error.

**W.C.T.U. MEETING.**  
Members of the Los Angeles W.C.T.U. will meet Thursday at 2 p.m. at the First Christian Church, Eleventh and Hope streets. Mrs. Marie M. Yocum, county president, will be the speaker.

## RUNAWAY MATCH FOR NOVELIST.

Harold Bell Wright Weds  
Los Angeles Art Studio  
Manager Secretly.

Harold Bell Wright, novelist, has added another chapter to his varied career by secretly marrying Mrs. Winifred Mary Potter Duncan of this city. The ceremony was performed last Thursday at the San Diego Hotel in San Diego, it became known yesterday.

The couple enlisted the aid of Allen H. Wright, City Clerk there, in keeping the record of their license a secret. Allen Wright and Mr. and Mrs. H. W. Wright of Los Angeles were the only friends present at the ceremony, which was performed by Justice Jeanette of Justice Court No. 1 at San Diego. The couple will go to Rome, N. Y., Harold Bell Wright's birthplace, before returning to Tucson, Ariz., to live.

It was at Tucson that Mr. Wright obtained a divorce recently from his first wife, Francis E. Long, whom he married July 18, 1899, while he was a minister at Pittsburg, Kan. He previously had applied for a divorce in the Superior Court here, charging mental cruelty and that his wife was not sympathetic to his literary efforts. This suit was dismissed.

The author gave his age as 45 when applying for the license and his bride, who is secretary and manager of the Elia Buchanan Art Studio, said she is 35.

**COSTLY DUROC BOAR  
AT LIVE-STOCK SHOW.**

JUMBO SENSATION. LARGEST  
HOG OF AGE. WILL BE  
SHOWS IN OCTOBER.

Jumbo Sensation, a prize Duroc boar, valued at \$15,000, of Tu-Tock-A-Nula ranch, Van Nuys, owned by Mrs. R. E. Whitley, will be displayed at the live-stock show to be held at Exposition Park, October 2-19.

Jumbo Sensation is the highest priced junior yearling in the history of the Duroc breed. He is also the largest hog of his age in the country.

Display space was reserved today by the Merritt-Bowers Company, Tulare, owners of the Tu-Tock-A-Nula ranch. Three carloads of draft horses, mules and Shetland ponies will be entered. This is the third consecutive year this firm of stock-raisers has exhibited at the live-stock show.

Premium lists offering \$50,000 in prize money mailed to exhibitors last week are meeting with enthusiastic response, according to Albert M. Paul of the Fruit Grocers' Supply Company, a director in the live-stock show.

"We predict Los Angeles will have the reputation of the entire West in providing a really great live-stock show that will be both educational and entertaining," declared Mr. Paul.

"With two successful exhibitions to our credit, people have come to expect the best of the annual events. This year better arrangements will be in effect to take care of the crowds and the live-stock exhibitors' features provided this year should attract a large attendance."

**CLOTHIERS WILL MEET.**  
Convention of State Association to  
Be Held in Bay City.

Clothing merchants of California, Oregon, Washington, Nevada and Arizona are expected at the first annual convention of the Retail Clothiers' Association of California, which will be held at San Francisco, the Palace Hotel on the 26th and 27th insts.

H. W. Frank of Los Angeles is president of the association, and announced yesterday Col. Fred Levy of Louisville, Ky., president of the National Association of Retail Clothiers, will be one of the speakers, as will Anselm Frankel of Des Moines, the vice-president. Mr. Frank, in his annual address, will give a general survey of the conditions of the clothing market.

Special guests of the convention will include Max Friedman, president of the Wholesale Clothiers' Association of New York City, and the officers and executive board members of the Pacific Coast Tailors' Association.

**DELIGHT IN DANCING  
LEADS TO DIVORCE.**

Leroy W. Westerbeck was granted a divorce from Alice I. Westerbeck by Judge Crall yesterday on the ground of desertion. He told the court his wife is very fond of dancing while he does not care for it. She complained because he did not take her to dances.

They quarreled one evening. Mrs. Westerbeck said she was going to leave and began to pack up. He urged her not to be so silly and she threw herself on the floor, kicking and screaming. He put her to bed. The argument resumed the following evening. She said she was going to leave. After the separation the wife told a neighbor she did not love her husband and she was through.

**SAYS PICKPOCKETS

## This Mid-Summer Clearance Offers Proof of Our Ability to Sell for Less

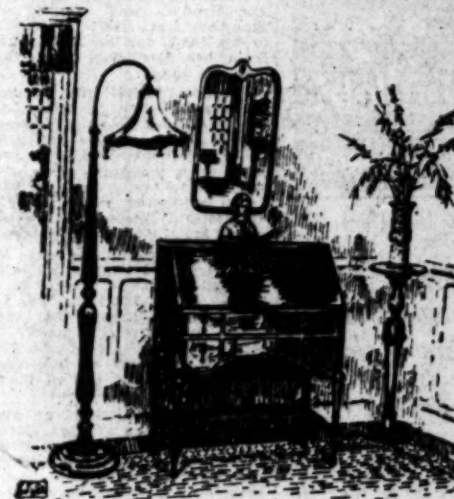

### Many Fine Pieces of Fiber' and Reed Furniture at Half Price

Certain lines of fiber furniture in gray and brown enamel and several pieces of reed furniture were selected for special clearance in addition to those included in the general clearance. When it came to a question of price the Merchandise Man said:

"Cut Them Right in Half"

So here they are awaiting your selection. Most of them are single samples which precludes mention here, but we can say that there are a number of fine rockers and chairs in the lot ranging in price from \$10 to \$15 and on upward to \$27.50.

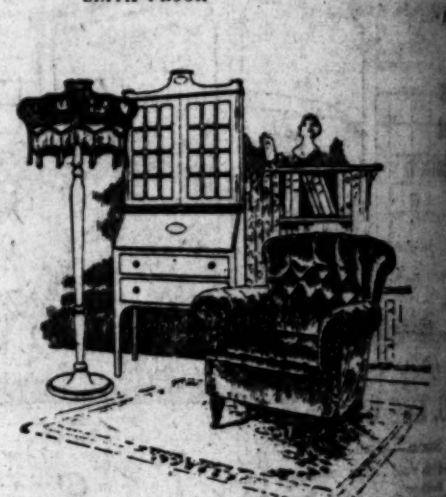

SEVENTH FLOOR

### A Good Assortment of Desks to Choose From at Special Prices

If you have a certain space that seems to yearn for just such an article as an artistic Period style desk you will find our showing of great help to you for it contains so many different sizes and shapes. The special prices on those in mahogany finish range upward from \$16.00 to \$49.50 for a desk of the type pictured.

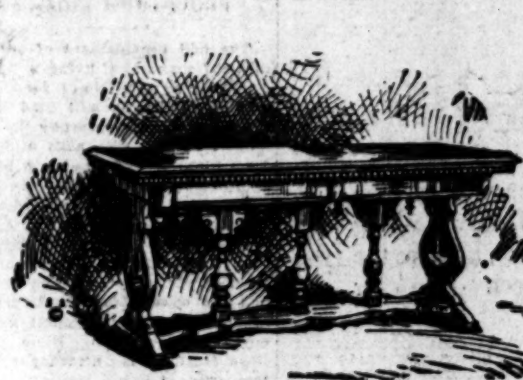

SIXTH FLOOR

### Upholstered Arm Chairs Underpriced

The quality inside is what counts in these overstuffed chairs or rockers and that is a point we emphasize. Even though prices have been cut in some cases to exactly half, we maintain our absolute guarantee of quality. Such an instance is afforded in the chair pictured which is covered in good tapestry, made throughout of excellent material and priced in the Clearance at \$75.00.

SIXTH FLOOR

### Renaissance Davenport and Library Tables Specially Priced

Several of these fine tables are offered for your selection in mahogany, walnut and antique oak. Wish we had a dozen of each so we could quote the prices here, but in order to obtain variety and provide you with an almost exclusive design, we limited our buying to one of each. You will find the prices extremely to your liking—come and see them.

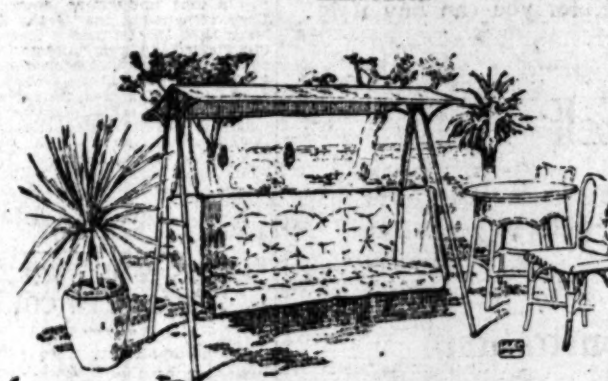

SIXTH FLOOR

### Gate Leg Tables Going For Less

The convenience and adaptability of the gate-leg table together with its artistic appearance make it highly prized by every housewife. Some very attractive specials are being shown at this time. We think of one that has a 42-inch top at \$38.80 and another is all solid mahogany that is reduced to \$78.50. Both make an appeal that is irresistible.

MAIN FLOOR

### This Couch Hammock Is a Special Value

Wouldn't you like to own one of these comfortableable couch hammocks at about a third less than they usually cost?

Here is one that is neat, not gaudy, yet made of good materials and away underpriced. Look around a bit, then come and see it. You will find it beats anything you have seen.

## NEW YORK STOCK EXCHANGE

[BY A. F. NIGHT WIRE.]

NEW YORK, Aug. 9.—Development over the week-end in the foreign market was responsible for another outpouring of stocks in today's market that carried down prices 1 to 10 points.  
Short selling was in great volume and there was actual liquidation. Pressure of stocks was so great that many leaders touched the lowest figures of the year. Recoveries of from 1 to 4 points were made before the session ended.  
Rejection by the Russian government of the Allied truce terms and a break of 7 cents in sterling were dominant features.  
Rumors were circulated that loans were being called on pools and loans.
